WE THE PEOPLE

United States of America Constitution 10th Amendment

Tony read, “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.”

- Rights to practice our freedoms that were handed down to us by our forefathers.
- Remember, the legislators / politicians work for us.
- After Kennedy was assassinated, things began to change in our Country.
- The Constitution is being used to control us. It is being used to try to take our privileges / rights away. If we sit back and let this happen, we are not doing our job as “WE THE PEOPLE”. Democrat or Republican does not matter, we are all friends and here for the same reason and we are mostly all gun owners. We want to continue to have those rights and continue to hand them down to the next generation.

- Beaver County has been well recognized for being Strong supporters of the 2nd amendment. Our reputation goes far beyond the one day at the capital for the Rally.
- Tony R. formed a committee consisting of Jerry H, Bob O, Rich K, Craig H. – Tony attended a Republican committee meeting along with a few other club members and spoke up asking the republican committee to support us regarding making Beaver County a 2nd Amendment County.
- Gun Owners of America sent Tony some information from Virginia regarding the 2nd amendment. Kim Stolfer reviewed this information. The document was being put together.
- December 17, 2020 Beaver County officially became a 2nd Amendment County (This process began approximately 2 years ago with a conversation with the sheriff and the district attorney.) Please view the attachment.

Comments:

Dave K. – those that come to the league for our support, we need to let them know when they are not doing right by us.
 Jerry H. – one of the club members called one of the politicians in regards to the voter ID and the politician’s response was, “why would a person from a sportsman club / a hunter care about voting”. The politicians are not listening to us. We need hats to wear to the rally that say “We the People” and we need to wear them and not hand them out.

Dave K. – discussed “unbecoming conduct” of club members.

Tony R. – Republican and Democratic Party does not matter. We are all friends. We are here with a common goal, that is to protect our clubs. With no guns, our clubs will fold. With no clubs, we would have no league. Since Beaver County received their Proclamation 2nd Amendment, the following other Counties have received their 2nd Amendment Proclamation or are in the process of doing so: Greene, Washington, Armstrong, West Moreland, Butler, Lawrence and hopefully soon, Allegheny.

Tim W – Constitution and Bill of Rights are available, ask your Representative for a copy. We all need to understand what these are and why they are important. Gun handling, gun safety, Constitution and Bill of Rights. Discussion on what else clubs can do, such as gun handling safety, as well as education on Constitutional Rights.

Rich K – spoke of recently attending an NRA Range Officer Safety class. Clint Macro, President of Allegheny Sportsmen’s League spoke highly of the impact Beaver County has on the 2nd Amendment Rally. Gun Handling and Safety classes are a great opportunity now with so many new gun owners. There are not enough classes.

Tony R – might be a good opportunity for the clubs to open ranges to the public for education on gun handling and safety.

Tim W – Craig Holdren made a point in a letter that “it is a right not a privilege” to keep and bear arms and this right needs to be protected.

Vic G – Green Valley has recently increased in membership due to opening the club to the public for classes / shooting.

Larry W – Noted about many people have used their stimulus checks to purchase fire arms.

UNFINISHED BUSINESS

- Herford Manor Lake – March 24, 2021 Tony attended a meeting with the Rocco Ali, the Fish Commission, the engineer who drew the plans and others involved with the Restoration of Herford Manor. Everything is approved. \$27 million dollars is the obstacle. There were 2 options discussed to finance the restoration. 1st option could be to put it under a Flood Control dam (would finance everything through the government) or go under an Aquatic Restoration Project (would take less time but you may not get all the money needed). The money is the problem and it will be sometime next year before anything is heard from the core of engineers. The property was not sold and the restoration is still in the works.

NEW BUSINESS

- Rich K – attended an NRA range safety officer class with a plan to obtain a chief range safety officer certification. Recommended that all clubs have RSOs. The course is excellent. Every club that has a shooting range should have a documented printed standard operating procedure. It is a liability if you have an incident on your range and you do not have a standard operating procedure. Indoor pistol ranges need to not only be swept, but mopped as well to better clean up the gun powder that could be a fire hazard when firing pistols. Clean seams in concrete.
- Tony R – Have your shoots that are open to the public printed in the minutes.
- Jerry H – Rochester has written reports that they would be willing to share.
- Dave K – Koppel Big Beaver is going to share their process of paperwork in regards to range responsibilities with Midland and Midland intends to implement.

GOOD OF THE ORDER

- Guy C – youth foundation raffle tickets available for purchase and / or to sell.

- Aliquippa Bucktails has a raffle for lottery scratch off tickets, Ham Shoot on April 25th (giving Giant Eagle gift cards in place of the ham) and having an Outdoor Flea Market on May 15th
 - Dave K – Midland having increased amount of range damage. Stopping all rapid fire.
 - Walt K – Lawrence County Sportsmen Club has rules in place to keep the range safe.
 - Rich K – Aliquippa has cameras audio / video to monitor conduct.
 - Tony R – introduced Clint Deluca.
 - Mike Harcher will continue making picture boards for the league displays.
 - Tim W – Prayers for Craig and Bob. Bob has sent 2nd Amendment Rally information that will be distributed to the clubs at the end of the meeting. [2A Rally Flyer](#) Craig has sent post cards to distribute to all clubs. These cards need turned around quickly. Encouraging Senator Toomey to vote against the gun control legislation that is on the house floor currently.
 - Clint D – House Bill 8 is going to register every fire arm. With registration comes possibility of confiscation. House Bill 1446 the Feds can wait 10 days plus to grant you the ability to purchase a firearm.
 - Tony R – House Bill 1445 would cause a 10-20 day wait for gun transfer.
 - Vic G – provided article Re: 9th Circuit [Article](#)
 - Larry W – Beaver Falls having a Trap Shoot on Friday night at 7:00 pm open to the public.
 - Tony R – has gun tickets for the Florida Rotary Club based on the Florida lottery.
- Presidents Meeting – “We the People” tentatively scheduled to be on Tuesday, June 15th 2021 at Aliquippa Bucktails beginning at 7:00 pm. – a reminder / confirmation email will be sent out to all. Anyone is welcome to attend.
 - Rich K – suggest that we extend an invite to other Sportsmen’s Club in the County to attend the President’s meeting.
